Dear Lasya,

On behalf of Zebra Technologies, I am pleased to extend to you this offer of temporary employment as 2021 Summer Internship – Cloud Software Development, reporting to Chandra Pendyala. If you accept this offer, you will begin your internship with Zebra on May 24th, 2021 and will be expected to work 40 hours per week through August 13th, 2021. Your primary work location will be Lincolnshire, Illinois.

You will be paid $27.00 per hour, less applicable taxes or withholdings.

Your internship with Zebra is "at-will", which means that either you or Zebra may terminate your internship at any time, with or without cause and with or without notice. This offer is the complete understanding between you and the Company regarding the terms and conditions of your employment with Zebra and supersedes any other agreement, written or otherwise, regarding your employment.

As an intern you will receive "temporary employment" status. As a temporary employee, you are not eligible for the employee benefits the regular Zebra Employees receive, including, but not limited to, health insurance, or participating in Zebra's 401(k) plans. Your employment offer is contingent upon a successful background screen and after timely completion of a drug test and our receipt of a negative result. The location of a drug screening facility closest to you is on the drug test form you will receive. You must complete a drug test before the deadline indicated on the drug screening form.

Paid Time Off: As an intern, you will accrue Paid Time Off (PTO) in an amount that will be prorated based on the length of your assignment. Paid time off is accrued at a rate of 160 hours (20 days) per year, so that a 12-week internship will entitle you to accrue 6.15 hours per pay period of PTO. PTO should be used in the year it is accrued. Employees are permitted to carry over up to 56 accrued but unused hours (or the prorated amount if lower) per year. Intern's Paid Leave might carry into the next PTO year. In addition to PTO, you will be eligible to take any paid holidays that occur during your internship (for company recognized 8 paid holidays per year).

Your employment offer is also contingent upon proof of your eligibility to work in the United States. To comply with Federal Regulations relative to authorization to work in the United States (Immigration Reform Act 1986), you are required to present verification on the first day of your employment. A list of acceptable documents is included in your Zebra Offer Packet. Please be aware that your employment with Zebra is conditioned upon your continued eligibility to work in the United States and ability to meet Zebra background standards consistent with your position. In accordance with state and federal requirements, the Company may conduct background checks or request that you furnish proof of eligibility to work in the United States from time to time. Your full cooperation in responding to any such request.

As an Intern, you will be required to sign a Non-Disclosure Agreement prior to performing any work at Zebra. A copy of this agreement is enclosed, and you will be expected to return it prior to your first day. Zebra extends employees with access to confidential business information to keep such information confidential. It is also our policy to avoid the use of confidential information you may have obtained while serving your previous employer. Zebra's Vision and Guiding Principles and Code of Business Conduct are also located on the New Hire Website. These documents underscore some Zebra's business ethics, policies, and procedures. Please read these documents prior to your first day of employment.

Dear Hitaarth, Padmavathi, Ratna Keerthana, Snigdha,

Congratulations on becoming a University Innovation Fellow! We commend you on your hard work throughout training. You have invested a significant amount of time mapping your campus landscape and building strategies for change that are relevant to your school.

Here's a message from the program team: https://youtu.be/pjUbWpq8Xx0

As you heard from us in the video, now your work really begins. By mid-December, aim to accomplish something meaningful (perhaps another version of your prototype, or a pivot in your project to address a new need). If you are able to accomplish something by that time, we will publish a collection of your project change stories in the annual UIF print journal Change Forward. In late November, we'll send you

Invitation for Akshara Reddy Mula to participate in the Women Engineers Program Bootcamp 2024

Dear Sir/Madam,

We are thrilled to share with you that Akshara Reddy Mula has been selected to participate in the highly acclaimed Women Engineers (WE) Program offered by TalentSprint and supported by Google. This 24-month program is an immersive and interactive online program designed to empower talented first-year women engineering students to world-class software engineers. Notably, 50+ students from the first three cohorts have secured full-time software engineering roles at Google, and many others in other top tech companies like Microsoft, Oracle, Amazon, Cisco, Uber and others.

The program begins with a physical Bootcamp, providing an unparalleled hands-on experience to participants. Scheduled from June 9th to June 29th, 2024, in Hyderabad, Telangana, the Bootcamp offers practical skills and knowledge required to become a world-class software engineer. Participants also get the opportunity to network with like developers and industry experts, making it a transformational experience both professionally and personally.

As Akshara Reddy Mula's selection for this program is a remarkable achievement, we respectfully request the college management to allow their students to attend this Bootcamp to the extent possible. We believe this program offers a unique opportunity for Akshara Reddy Mula to gain valuable industry exposure, build technical and interpers form connections with peers and industry experts.

We have full confidence that Akshara Reddy Mula will represent your institution exceptionally well and emerge as a highly accomplished professional. Her participation in the Bootcamp will reflect positively on your institution's unwavering commitment to support students with exceptional talent.

Thank you for your support in enabling your students to reach new heights in their career paths.

Please feel free to reach out to us in case of any questions by writing to we.support@talentsprint.com

Sincerely,
Kumsha Reddy
